

Reporter Portal of the Banks of Finland's new Reporting System has been opened

The Reporter Portal of the Bank of Finland's new Reporting System has been opened to reporters.

Access authorisations for the new Reporting System will operate via the Suomi.fi e-Authorisations service, and reporters will manage the access authorisations themselves. Reporters must have access authorisations, which the reporting entity has granted to them in the Suomi.fi service, before logging in to the Reporter Portal for the first time. The Bank of Finland (BoF) has published instructions on access authorisations for the Reporting System. In addition, the Suomi.fi e-Authorisations service provides its own instructions and support for using the service.

On the opening date, the Reporter Portal includes reporting obligations for those entities that report the following data collections:

- **SAVE** (Survey on security-based assets and liabilities of non-financial corporations, financial corporations and central government)

The above-mentioned data collections will be reported via the BoF's Reporter Portal as of reference period 2024M08.

User instructions for the Reporting System have been published on the BoF's website: [Reporter portal guide](#)

It is possible to log in to the Reporter portal via the following web address <https://reporting.finanssivalvonta.fi/>
